PRINTING INKS

graphic chemical oil based etching inks & perfection palette inks

Graphic Chemical has long been known as a reputable printing ink manufacturer. These inks are suitable for etching and other intaglio techniques. Graphic offers two lines of oil based intaglio inks: the standard line which offers similar colours to those used by printers, and the Perfection Palette line which has the more extensive range of colours found on a palette. The Perfection Palette line also has the advantage of being usable for relief printing techniques.

speedball screen printing unit

Speedball's Screen Printing Unit includes screen frame with attached fabric, base, hinges, and kick leg.

Item #	Size	Pk	List/Ea.
4505	10 X 14"	6	50.00

speedball screen frame

Screen frame with fabric attached.

Item #	Size	Pk	List/Ea.
4506	10 X 14"	6	36.45
4515	12 X 16"	6	40.55

4490

speedball fabric squeegee

Nine inch rubber squeegee blade with rounded edges, to force maximum amount of ink through the screen.

Item #	Description	Pk	List/Ea.
4490	6", 70 durometer	6	12.60
4534	9", 70 durometer	6	12.10
4494	*14", 70 durometer	6	23.60

4139

speedball baren

Ideal for hand and proof printing, or any other application that requires burnishing or even pressure distribution over a small surface.

Item #	Description	Pk	List/Ea.
4142	"Red Baron" 4"	6	14.00
4139	*Premier Baren 4"	6	30.30

speedball water soluble block printing ink

Speedball water soluble ink is recommended where ease of cleaning is desirable. Cleans with water, dries with a rich satiny texture. Mixes and tints easily. Prints dry to the touch in a normal classroom teaching period. New improved formula has superior tack for uniform coverage on all printing surfaces: linoleum, wood, flexible printing plate, polyprint, etc.

Water Soluble Block Ink – 37 ml

4590

speedball opaque fabric screen printing starter set

The Opaque Fabric Screen Printing Starter Set contains six 4 oz. jars of beautiful, pearlescent and iridescent colours: Raspberry, Citrine, Blue Topaz, Silver, Black, and White.

Item #	Description	Pk	List/Ea.
4590	Starter Set	1	35.70

speedball block printing starter kit

Includes the essentials needed to get started in block printing. Perfect for beginners, students or artists.

Item #	Description	Pk	List/Ea.
3471	Includes 4x5" lino block & handle, 3 cutters, Ink, brayer & foam tray for inking.	1	33.65

modifiers & grounds

graphic chemical etching base

Used to create your own custom colours or to modify existing etching inks. It is particularly suited to the addition of dry or flushed pigments (pigments suspended in oil or water) to create an opaque etching ink.

Item #	Size	Pk	List/Ea.
889C	*1 lb. Can	1	26.05

graphic chemical universal etching grounds

An easy to apply liquid ground which can be thinned or removed with naphtha. Due to its relative transparency, it leaves the subject in full view at all times. Will not break down in the acid bath and resists chipping when crossing lines.

Item #	Description	Pk	List/Ea.
12390	Hard - 16 oz.	1	12.25
12393	Hard - 32 oz.	1	22.20
12396	*Hard - 128 oz.	1	61.20
12400	Soft 16 oz.	1	12.25
12403	Soft 32 oz.	1	22.20

graphic chemical easy wipe compound

Provides complete control of the distribution and wiping of etching inks. Essentially a tack reducer which does not materially affect the colour, body or lightfastness of the ink, but allows for greater ease in wiping the plate with even the stiffest of inks.

Item #	Size	Pk	List/Ea.
2353A	1/4 lb. Tube	1	11.95
2353C	*1 lb. Can	1	23.90

graphic chemical tint base extender

Extends the volume of ink. Generally it will make the ink transparent or it will cause the ink to create a tint. It has no colour of its own.

Item #	Size	Pk	List/Ea.
1911A	*1/4 lb. Tube	1	13.30
1911C	1 lb. Can	1	25.25

graphic chemical burnt plate oils

Plate oils reduce or increase the body of etching ink without significantly changing its tack. The lower the number, the thinner the plate oil.

Item #	Description	Pk	List/Ea.
13380	*# 3; 16 oz.	1	16.85
13420	# 00; 16 oz.	1	17.25

graphic chemical whiting

A paste of acetic acid or ammonia and calcium carbonate (chalk) used to stiffen etching inks. Also used for cleaning zinc or copper etching plates.

Item #	Description	Pk	List/Ea.
12430	*1 lb. Can	1	10.35

graphic chemical calcium carbonate

Dry, powdered calcium carbonate (chalk). Multipurpose staple for the printing studio. Used to modify inks, to clean plates, to prepare litho stones, etc.

Item #	Size	Pk	List/Ea.
30205	*1 lb.	1	13.80

graphic chemical anti-skin spray

An aerosol spray of light oil. Spray on to oil-based ink in the can before storage to prevent skinning.

Item #	Size	Pk	List/Ea.
10050	1 pint	1	54.20

graphic chemical asphaltum

A blackish-brown solution of asphalt in oil and turpentine. A main component in the preparation of a stone or plate for lithography.

Item #	Size	Pk	List/Ea.
12040	16 oz.	1	23.20

speedball diazo sensitizer

Used to activate photo emulsion so that it becomes more sensitive to light.

Item #	Size	Pk	List/Ea.
4578	2 oz.	6	7.95

speedball screen retarder medium

Slows the drying time of water based screen printing ink.

Item #	Size	Pk	List/Ea.
4639	8 oz.	6	10.95

speedball screen drawing fluid

Apply with a brush, then cover entire screen with screen filler. When dry, the fluid can be washed out allowing the area to be printed.

Item #	Size	Pk	List/Ea.
4531	8 oz.	6	9.55
4571	32 oz.	6	27.10

speedball block printing ink extender

Thins the water soluble block printing ink to decrease opacity.

Item #	Size	Pk	List/Ea.
3449	37 ml	3	5.55

speedball transparent extender base

A safe and easy additive to Speedball screen printing inks. It can also be used to extend inks where economy is a factor. For use with water soluble inks only. Recommended for use on paper, cardboard, and dark fabrics.

Item #	Size	Pk	List/Ea.
4532	8 oz.	3	9.55

speedball screen filler

Used to block out areas of the screen not intended to be printed.

Item #	Size	Pk	List/Ea.
4530	8 oz.	6	14.35
4570	32 oz.	6	39.90

speedball block printing ink retarder

Slows the drying time of the water soluble block printing ink.

Item #	Size	Pk	List/Ea.
3448	37 ml	3	5.55
4639		1	10.95

speedball speed clean and screen filler remover

A highly effective screen filler remover and screen cleaner! Makes screen cleaning a breeze! Apply to both sides of screen, scrub, then apply again. In just 3-5 minutes, screens come clean using hot water and a nylon brush.

Item #	Size	Pk	List/Ea.
4533	*16 oz.	6	11.00
4573	32 oz.	1	18.00

speedball diazo photo emulsion kit

Kit contains a 7 oz. jar of photo emulsion, a 8 oz. jar of photo emulsion remover, and a 1 oz. bottle of condensed sensitizer.

Item #	Pk	List/Ea.
4559	1	31.25

speedball diazo photo emulsion remover

The most effective way to remove photo emulsion from screens after screen printing with Speedball Diazo Photo Emulsion.

Item #	Size	Pk	List/Ea.
4557	8 oz.	1	9.55

speedball diazo photo emulsion

Enables the artist to create prints from fine line drawings, computer generated images, hand and commercial lettering, and photographic half-tone positives. Photo Emulsion must be used with the Diazo Sensitizer.

Item #	Size	Pk	List/Ea.
4579	26.4 oz.	6	29.60

speedball water soluble transparent extender base

Designed to create a transparent colour. Can mix any quantity to the ink.

Item #	Size	Pk	List/Ea.
4532	*8 oz.	12	9.55
4572	32 oz.	1	18.75

edward c. lyons engraving tools

The Edward C. Lyons Company has developed a world wide reputation for manufacturing high quality professional hand intaglio tools. The tools are made from the highest quality tool steel which are hardened and tempered to hold their cutting edge, and are made to be re-sharpened.

speedball screen printing fabric

This pre-cut, multifilament polyester fabric is large enough to replace the screen in a 10" x 14" frame. Each package contains six 12" x 16" sheets of 12xx mesh fabric.

Item #	Size	Pk	List/Ea.
4512	10 X 14" Pack of 6	6	42.85

tarlatan

Etchers use a variety of materials for wiping their plates. The most commonly used is tarlatan – a heavily starched, woven cotton cloth (starched cheesecloth). It is still considered the best way to remove unwanted ink from the surface of a plate.

Item #	Size	List/Ea.
12340	1 Yard; 36" wide	7.30

testrite lucite roller

Testrite Acrylic Brayers are extremely handy tools for crafts, linoleum and block printing, rubber stamping, paste up, stencils and more. This brayer features a hard acrylic roller and plated steel handle with brass bushings. Will not pick up rubber cement, wax or clay.
